

COVID-19 PPE ASSISTANCE

Complimentary Mask Allocation to the construction industry

As a part of FEM's commitment to fighting the COVID-19 pandemic, 75 000 masks have been made available to the construction industry. FEM has taken care to ensure that the masks meet all necessary requirements as set out by government. Only local suppliers were used to help boost the S.A. economy. Masks will be distributed according to the following criteria :-

1. Must be actively involved in the construction industry
2. Must have a valid letter of good standing, either with the Compensation Fund or FEM.
3. Must have a genuine need for masks

Distribution of masks

FEM has partnered with industry bodies to assist in the distribution of masks. Recipients have been identified in the various regions across SA and either invited to pick up masks at an agreed pick up point or have the masks delivered to them by the relative association. FEM would like to extend their appreciation to the following organisations -

MBA Boland, MBA Greater Boland, MBA Western Cape, MBA Eastern Cape, MBA Kwa Zulu Natal, MBA Free State, MBA North, SAFCEC, IOPSA and BBCBE, for their support in this initiative.
